BEST Measures are designed to provide the best possible medical care at the best possible price for all our members. We want your benefit plan to work for you, and working with many of the premier healthcare providers in Colorado allows BEST Health Plan to provide excellent care at a reduced cost to both members and the Plan. Providing improved benefits and flat copays for certain services allows you to know exactly what you will owe BEFORE your planned service and budget appropriately.

*To receive the Value Based Services benefits listed above, you will need to contact UHealth Plan Administrators, obtain a preauthorization, and utilize the recommended provider and/or facility. To contact UHealth Plan Administrators, please call us at 1-800-207-1018. If you choose a different provider and/or facility than the recommended provider and/or facility, it may result in a penalty. Please contact us if you have any questions to ensure you are maximizing your benefits and achieving the best quality of care and financial outcomes.
