GRIEVANCE PROCEDURE

ARTICLE SIX

A. Definitions

1. A grievance shall mean a complaint by a teacher or the Association that there has been a violation, misinterpretation, or inequitable application of any provision of this Agreement or of School Board Policy. The grievance shall be submitted in writing and reference the provisions of this Agreement and/or policy which are claimed to be violated. The grievance shall be signed by the grievant(s) or the Association.
2. An "aggrieved person" is the Association or a member asserting a grievance.

3. A "party in interest" is an employee, other than the grievant, who might be required to take action or against whom action might be required in order to resolve a grievance.
4. The purpose of the procedure is to secure, at the lowest possible level, equitable solutions to the problems affecting employees, which may from time to time arise. Both parties agree to keep these proceedings as confidential as may be appropriate at any level of the procedure.

B. Employee and Association Rights

1. Under this Agreement, except at Level Three, an employee shall be free to adjust individual complaints, with the employer, without Association representation, providing the adjustment is consistent with the terms of this Agreement and providing the Association may review a copy of any such adjustment. An employee's right to have Association representation at any level of the procedure shall not be denied.
2. Every employee covered by this Agreement shall have the right to present grievances in accordance with these procedures.
3. If, in the judgement of the Association, a grievance affects a group of teachers, the association may submit such grievances directly to the superintendent, and the processing of any such grievances shall commence at Level Two.
4. Nothing in this Agreement shall be construed as limiting the rights of any member or group of members of the bargaining unit from discussing any matter privately with the administration.
5. No reprisals will be taken by the District against any employee because of participation in a grievance.
6. Any party in interest may be represented at any level of the grievance procedure by a person, or persons, of his own choosing. The Association shall have the right of being present and to state its views at any level of the grievance procedure.
7. The provisions of this section shall not apply where a review is prescribed by the law of the State of Colorado or where the Board is without authority to act.

C. Time Limits

1. The failure of an employee, or the Association, to initiate or appeal a grievance to the next level within the prescribed time limits shall act as a bar to any further appeal, and an administrator's failure to give a decision within the time limits shall permit the grievant to proceed to the next step. All time limits consist of school days except that when a grievance is submitted less than ten (10) days before the close of the current school term it will be processed within a maximum of thirty (30) days. Time limits, however, may be extended by mutual agreement.
2. It is agreed that any investigation or other handling or processing of any grievance by the grievant shall be conducted so as to result in no interference with work

activities of the grievant. Level Three hearings may, however, be held during the school day if requested by the arbitrator. In such instances, the grievant(s) and necessary witnesses shall be released without loss of pay.

D. General Principles and Resolutions

1. An attempt shall be made to resolve any grievance in informal, verbal discussion between the grievant and his/her supervisor or principal.

E. Level One

1. If the grievance cannot be resolved informally, the grievant shall file the grievance in writing in the form of Grievant Report Form, which is available from your FMEA building representative, and at a mutually agreeable time, discuss the matter with his/her immediate supervisor or principal. The written grievance shall state the nature of the grievance, and shall state the remedy requested. The filing of the formal, written grievance at Level One must be within thirty (30) days from the date of the occurrence, or the event giving rise to the grievance, or from the time the employee became aware of the event giving rise to the grievance. The principal or his designee shall make a decision on the grievance and communicate it in writing, including the reasons for the decision, to the employee, the Association, and the superintendent within five (5) days after the receipt of the grievance. The employee shall acknowledge receipt of a copy of the written decision of the principal or his designee on the Grievance Report Form.

F. Level Two

1. In the event the grievance has not been resolved satisfactorily at Level One, the Association shall file a copy of the grievance with the superintendent. Such filing must be done within five (5) days of the employee's receipt of the principal's, or his designee's, written decision. Within seven (7) days after such written grievance is filed, the grievant, the Association and the superintendent or his designee, shall meet to attempt to resolve the grievance. If the grievance is not resolved satisfactorily by such meeting, the superintendent or his designee shall provide a written decision to the employee, the Association and principal or his designee, within five (5) days of the meeting to resolve the grievance.

G. Level Three

1. If the grievance is not resolved at Level Two or if the Level Two decision has not been provided within the time limits specified, the grievant may request that the Association submit the grievance to Level Three, Arbitration. If it wishes to arbitrate the grievance, the Association shall notify the District within fifteen (15) days after receipt of the Level Two decision. The arbitrator's report shall be simultaneously submitted in writing to the Board and the Association, only, and

shall set forth the arbitrator's findings of fact, reasoning conclusions, and award on the grievance. The arbitrator's award shall be consistent with law and the terms of this Agreement. The arbitration proceeding shall be conducted by an arbitrator to be selected by the two (2) parties within fourteen (14) days of the superintendent's receipt of the request for arbitration. The procedures followed for selection of an arbitrator shall be as follows:

- a. If the parties cannot agree on an arbitrator within three (3) days, the parties shall request the American Arbitration Association to submit a panel of seven (7) arbitrators from which an arbitrator shall be selected. Each of the parties shall be entitled to alternately strike three (3) names from the list. The party who is to strike the first name shall be selected by lot.
 - b. The parties will meet within three (3) days after receiving the list of proposed arbitrators to strike off the names to which they object.
 - c. The American Arbitration Association shall select the arbitrator from the preferences submitted by the parties.
 - d. If the parties fail to agree on any of the persons named on the list, or if for any other reason an appointment cannot be made from the list, the American Arbitration Association shall appoint an arbitrator from its members without submitting further lists.
2. The parties shall be bound by the rules and procedures established by the American Arbitration Association. Within five (5) school days after receiving the report of the arbitrator, the superintendent, aggrieved party, and a representative of the Association will meet to discuss the report. If the grievance is not resolved as a result of such meeting, the Board of Education shall take final action on the report at its next regularly scheduled meeting.

TEACHER FILES

ARTICLE SEVEN

- A. District office personnel records shall be the only official file maintained on a teacher. A teacher, as a person in interest under the law (C.R.S. 24-72-204, regarding inspection of public records), shall have access to those records, except for letters of reference concerning employment.

anonymous communications or complaints against the teacher. Such signature shall not necessarily indicate agreement with its content, but only that it has been read and acknowledged by him. A refusal of the teacher to sign such material within five (5) working days may be interpreted as a sign of noncompliance, which will be so noted and placed in the teacher's file. The teacher shall have the right to answer any material filed and his answer shall be attached to and filed with such material.

- D. Teachers shall be permitted to reproduce, at their own expense, any material in their files to which they have legal access.

3. Once a teacher has accumulated one hundred and twenty (120) days the teacher will receive fifty dollars (\$50) per day in lieu of any annual sick leave days that accrued that year. Payment will be reflected in the last payment of the contract year.

4. As many days as are accumulated (but not more than that number) may be used at one time without loss of compensation.
5. The Board of Education will reimburse teachers, in the categories listed below, thirty dollars (\$30) per day, for full-time equivalent and to be prorated accordingly for less than full-time equivalent, for the total accumulated unused sick leave: retiring teachers with twenty (20) years of service with the District; or retiring teachers who have reached the age of sixty-five (65); or teachers who are RIF'd. Payment will be reflected in the last payment of the contract year.

6. This leave shall not be cause for termination of employment.

TEMPORARY LEAVES OF ABSENCE

ARTICLE NINE

- A. Teachers shall be granted the following temporary leaves of absence with full pay, during each school year, upon application to the appropriate building administrator. Exceptions may be made during periods of emergency when there is an unusual number of teacher absences because of illness and then some leaves may not be granted.

1. **Discretionary Leave.** Each teacher may be granted two (2) days of discretionary leave per school year with full pay. New teachers must work during the first quarter of the school year to be eligible for both discretionary days. Teachers hired at or after the start of the second semester of the school year are eligible for one (1) discretionary day that year. This leave would be accumulative up to four (4) days. Unused discretionary leave above the four (4) accumulated days will be rolled into the teacher's sick leave at the beginning of the next school year. A teacher has accumulated one hundred and twenty (120) days of sick leave, a teacher who has retired, or a teacher who has been RIF'd will then be eligible for reimbursement of the additional days in the same manner as sick leave in Article Eight. Discretionary leave will be used for approved sick leave purposes once the

accrued sick leave has been exhausted. Teachers may not access the Sick Leave Bank until accrued sick leave days and discretionary days have been used. Any leave not provided for in Board policy, negotiated agreements, or which exceeds the amount of leave available shall be leave without pay. All accumulated discretionary leave must be used before any request for unpaid leave will be considered. Discretionary leave will be granted without reason at the option of the teacher. Written notice of forty-eight (48) hours should be given to the principal, unless this length of notice is not possible. This leave is not intended to be taken on a day prior to or immediately following a vacation or the first day of the school year. If the leave is denied, the teacher may appeal the decision to the superintendent. Discretionary leave may be denied by the principal if a satisfactory substitute teacher cannot be found.

(Example: A first year teacher will be granted two (2) discretionary days the first year of employment. If no discretionary days are taken then at the beginning of the second year two (2) additional days will be granted. Four (4) days will remain accumulated discretionary leave. Two (2) of these days will roll into sick leave and four (4) will remain accumulated discretionary days.

2. **Association Leave.** The Board of Education of School District Re-3 agrees to grant thirty-five (35) days of Association leave to the Fort Morgan Education Association per year. Teachers may also choose to use accumulated sick leave days, up to a maximum of three (3) days per school year, for bereavement purposes for persons not included in the above list.

3. A joint committee, composed of one (1) teacher, one (1) Board member appointed biannually by the Board, and the superintendent of Schools, shall convene to consider requests for sabbatical leave. The committee shall investigate factors involved in the various requests and will make a recommendation to the Board of Education at their next regular meeting on factors including, but not limited to, length of service since the last sabbatical, reason for the request, merits of this request, anticipated benefits that the school population will receive, and any other sound and prudent reasons. The applicant may present his rationale to the committee.
4. Remuneration to the applicant from other sources, such as scholarships, fellowships, grants, etc., will not affect the granting of a sabbatical leave.
5. The teacher on sabbatical leave will be paid at the fifty percent (50%) level of the salary rate he/she would have received if he/she would have been working in the District. A teacher will receive credit toward salary increments while on sabbatical leave and receive insurance and retirement benefits as if he/she were employed on a full-time basis.

EARLY RETIREMENT INCENTIVE

ARTICLE TEN

A. Early Retirement

1. Any teacher of School District Re-3 who is retiring from the District, who has twenty (20) years of service in the district, who is eligible for immediate retirement under PERA regulations, is planning to return the following school year on a supplemental contract, and who is fifty-nine (59) years of age or less will be considered eligible for the early retirement incentive under this article. To qualify for the early retirement benefit, the teacher must be actively teaching at the time he/she submits an application and notice of retirement must be given to the District in writing by March 31 of the year in which the teacher is retiring. Any year during which a teacher is on a paid or unpaid leave of absence, works less than half (1/2) time, or works less than half (1/2) of the contract year, that year shall not be counted toward meeting the requirement of twenty (20) years of service.
2. The District will limit or cap the amount of funding allocated to the Early Retirement Incentive for new payments in any one (1) year to the amount of funding necessary to provide the early retirement benefit to ten (10) new retirees. In the event eleven or more teachers apply for the early retirement benefit, that amount will be prorated among the eligible applicants. If the amount of the benefit is prorated, applicants will have the opportunity to rescind their letter of retirement given the potential for a smaller than expected incentive.
3. The base upon which the early retirement benefit will be calculated shall be \$31,500, effective the 2016-2017 School Year.
4. This is a one-year benefit, to be paid-with the January payroll following retirement.
5. The parties mutually agree to review the plan each year with the intent to make the plan an incentive for early retirement within the resources of the District. It is not the express intent of this agreement to phase out the early retirement incentive. Further alterations to the early retirement schedule as shown below may be requested by either the Board of FMEA in years when language is discussed or through mutual consent in years when language is not up for discussion.

2016-2017 Early Retirement Package							Base = \$31,500	
(applied for Spring 2016, paid Jan. 2017)								
w/ Sup. Contract	Year Following				Eligible		With Sup. Cont.

Employment must be interrupted as required by PERA rules. The contract shall consist of a full contract year as defined by school board policy.
3. The teaching assignment covered by the supplemental contract will remain unchanged unless the teacher and principal mutually agree to a different assignment.
4. Teachers will cease to receive health and other insurance benefits effective the date of the resignation.
5. All leave benefits will terminate as of the date of the teacher's retirement.
6. Time missed for other than official business will result in a deduction of current pay. Implementation of salary payment shall be computed on a pro-rata basis for days worked in each pay period and will be recorded on a District-provided time sheet.

COMPLAINTS CONCERNING INSTRUCTIONAL MATERIALS

ARTICLE TWELVE

- A. Despite the care taken in selecting instructional materials, occasional objection to a selection will be made by school patrons. In such cases, the principles of the right to teach, to learn, and of the professional responsibility of the staff must be defended, rather than the materials themselves. Criticisms of materials in the school's collection of instructional materials should be submitted in writing to the principal, and the complainant should be identified properly. The written complaint should take the form of "Request for Reconsideration of Instructional Materials."
- B. If the person making the complaint feels he has not been given a satisfactory reply from the principal. He should be advised to consult with the superintendent. If still not satisfied, a committee to study the complaint will be formed. - G. Teachers who have been frozen on P-BA+30 for more than one (1) year, and then complete their master's degree will be granted one (1) step for each two (2) years of service on step P-BA+30. The total years frozen at step P-BA+30 will be divided by two (2) and then rounded to the next whole step in the MA column.

ARTICLE FOURTEEN

A. Criteria for Horizontal Advancement

1. College credit will be recognized for teachers to surpass increment barriers where applicable and for horizontal advancement on the salary schedule, provided these hours are beneficial to the teacher and improve his or her skills as an educator. Graduate credits earned before a teacher earns his/her master's degree will not count towards salary advancement once the master's degree is conferred. Graduate credits earned before a teacher earns his/her Ed.S or Doctorate will not count towards salary advancement once his/her Ed.S or Doctorate is conferred. Middle School level shall have a committee of three (3), consisting of the principal and two (2) members of the faculty. Elementary School level shall have a committee of five (5), including an elementary principal and four (4) faculty members, one (1) from each building. - D. School nurses utilize Continuing Educational Units in lieu of graduate-level classes for horizontal advancement with fifteen (15) clock hours being commensurate to one (1) semester credit. After consideration of the above, if a determination cannot be made, the length of service in the District shall be considered.
4. Teaching staff whose contracts are to be canceled according to paragraph E 1-4 of this article, but have an endorsement in another area, will be given the opportunity to be transferred to that endorsement area, provided such an opening exists and the teacher performance merits continued employment, as determined by the teacher's performance rating over the previous three year period as assigned pursuant to the District's performance evaluation system.

9. RIF teachers shall have the right to pursue a mutual consent placement in the District. Any RIF's teacher will remain solely responsible for identifying available positions within the District and for pursuing any and all vacancies for which the teacher is qualified. APPENDIX F – POLICY GCM

A. PROFESSIONAL STAFF WORK LOAD

District administrators may define and enumerate, through a written request, duties and/or assignments that expand the role of an individual classroom teacher. Duties and assignments included in this written request may be full or part-time and will involve the performance of specific tasks. The duties and assignments may require additional class periods, extended time, extended contracts, and/or flexible scheduling. Additional compensation will be calculated as a percentage of the teacher's regular salary, based on the scope of the additional responsibilities and time required to fulfill those duties. The superintendent or designee must approve each request and the related compensation rate. The assignment, once approved, would be posted and filled in accordance with the regular hiring procedures.
